# **Applied Biblical Studies Conference**

**July 24-28, 2017**

**Franciscan University of Steubenville**

**Scott Hahn · Mark Hart · Tim Gray  
Matt Leonard · Michael Barber  
and more!**

This incredible conference not only gives you the opportunity to learn from some of the best Catholic Scripture scholars in the country, it also provides the chance to do this in an almost-retreat-like setting - with Mass, Adoration, and the opportunity for Confession. The theme for this year's conference is *The Book of Acts: How the Holy Spirit Leads the Church Through Hard Times*.

There's also an opportunity to participate in a Journey Through Scripture Bible study with the St. Paul Center, where you can get an entire Bible study in a day and half - plus leave equipped with everything you need to teach the study yourself!
